Dear Jane, Kathy, Lucille and Friends,

On behalf of a grateful community and all of us whose lives are affected by breast cancer, thank you for the wonderful work that you have done through the Three Strohm Sisters Family Foundation, and congratulations on the occasion of your Sixth Annual Dinner Dance.

The personal dedication that all three of you have shown is an inspiration to those who know you, and a beacon for those that you are helping in their struggle to survive the battle against cancer. Thanks on behalf of all of us whom you inspire, support and serve. I am proud to know you and to call you my friends. Keep up the good work!

Sincerely,

A handwritten signature in cursive script that reads "Carolyn McCarthy".
